Paul Todd : Cases and Materials on Equity and Trusts (Cases materials) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cases and Materials on Equity and Trusts (Cases materials):

A comprehensive text with a wide range of relevant, interesting case law, statutory material, academic extracts and official proposals for law reform. In a subject that is heavily case based, the contents of Cases and Materials on Equity and Trusts provide a complete source of reference to students. The book is set out in a logical structure which corresponds to the typical undergraduate course in equity and trusts, and is linked by engaging commentary and

stimulating questions together with questions for further study. The fourth edition has been revised and updated to include extracts from a number of significant new statutes, judicial decisions and reform proposals. Statutes include the Trustee Act 2000, the Trustee Delegation Act 1999 and the Human Rights Act 1998. Recent significant case law includes House of Lords decisions on tracing (*Foskett v McKeown*), the equitable liability of third parties (*Twinsectra Ltd v Yardley*) and fiduciary conflicts of interest (*Fefri Bolkih v KPMG*). There have also been a number of significant recent decisions of the Court of Appeal, including *Pennington v Waine*; *Paragon Finance plc v Thakerar* *Gillett v Holt*. Notable reform proposals include Law Commission papers on Sharing Homes, Limitation of Actions and the effect of Illegality on Trusts.
