Elias Clark, Louis Lusky, Arthur W. Murphy, Mark L. Ascher, Grayson M.P. McCouch : Cases and Materials on Gratuitous Transfers (American Casebooks) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cases and Materials on Gratuitous Transfers (American Casebooks):

The new edition of *Gratuitous Transfers* incorporates new developments in judicial decisions and statutory law since 1999, including the Massachusetts Supreme Judicial Court's decision in *Woodward v. Commissioner* (status of posthumously-conceived children under intestacy law), the Montana Supreme Court's decision in *In re Estate of Kuralt* (holographic wills), and the U.S. Supreme Court's decision in *Marshall v. Marshall* (scope of the probate exception to

federal jurisdiction). The text also includes extensive references to the Restatement (Third) of Trusts and the Uniform Trust Code. The chapter on estate and gift taxation has been updated to reflect significant statutory changes, including the Economic Growth and Tax Relief Reconciliation Act of 2001. The organization and general approach, however, remain essentially unchanged from previous editions.
