Barry C. Feld : Cases and Materials on Juvenile Justice Administration (American Casebooks) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cases and Materials on Juvenile Justice Administration (American Casebooks):

1 of 1 people found the following review helpful. Interesting and detailed bookBy MThis is an extremely detailed book that goes in-depth on many different topics. It does a good job with setting down the basics and allows the professor to build on it. My history professor used the textbook as a guideline to build up on the material and make each topic a story. Since the class was a lecture, if I missed anything, I could always reference the book again.2 of 2

people found the following review helpful. Really nice book!By SamanthaThis book is really detail-oriented with vivid pictures and easy to follow writing. I am using this book right now for my History class. The questions at the end of the chapter reviews and the focus questions are really good at helping you stay focused on the "big picture" and challenging yourself to remember the material. This book is not the boring "history is just about learning the dates" kind of teaching. The author actually reaches into the era, and explains what was really going on. I definitely recommend this book, even for "History class haters."0 of 0 people found the following review helpful. Great BookBy S. GuestRequired for my Wes Civ class. I read it from cover to cover. Well written and flowed effortlessly from topic to topic. As with any history book, because there is so much information to cover, sometimes it was difficult to keep the time straight, but at the end of each chapter, Mr. Spielvogel, had a great summary and timelines. I actually learned some things from this book. Interesting and kept my interest.

Comprehensive coverage of Western Civilization since 1550 includes Chapters 15-30 of the larger text. Begins with a 10-page preface summarizing the events leading up to this point in history.

"The chronologies, timelines, and boxed documents all add greatly to the overall quality of the text. My students would be lost without them. ... I like this text and expect to continue to use it for the next several years." "Dr. Spielvogel's lucid prose, apt illustrations, and excellent maps make his a text for which I find it difficult to imagine finding a close rival. ... The coherence resulting from its being a single-author text is valuable in a general education course. ... It is a very impressive textbook and the author and publisher alike ought to take great pride in their work. ... I would not only consider adopting Jackson J. Spielvogel's WESTERN CIVILIZATION text, but would, furthermore, actively lobby for its adoption for use at our university. A wealth of information in keeping with the scholarship at our disposal is presented in an appealing format. Never sacrificing well-written content, the text appeals to a generation reared on media in living color." "The Spielvogel text does a good job of communicating with students. The vocabulary ... is not too difficult, and the literary style is almost conversational." "The faculty who adopted Spielvogel ... did so because the text read clearly and told a coherent story of historical change and development. Students comment that the text is well written, clearly organized, and interesting. Chapter titles and major headings mark chronological and thematic connections but place greatest emphasis on the conceptual development. ... National histories are mentioned but do not dominate; and art, literature, and music are not ignored. ... The special features are one of the greatest strengths of Spielvogel." About the Author Jackson J. Spielvogel is associate professor Emeritus of history at The Pennsylvania State University. He received his Ph.D. from The Ohio State University, where he specialized in Reformation history under Harold J. Grimm. His articles and reviews have appeared in journals such as "Moreana," "Journal of General Education," "Catholic Historical," "Archiv fr Reformationsgeschichte," and "American Historical." He also has contributed chapters or articles to "The Social History of Reformation," THE HOLY ROMAN EMPIRE: A DICTIONARY HANDBOOK, "Simon Wiesenthal Center Annual of Holocaust Studies," and "Utopian Studies." His work has been supported by fellowships from the Fulbright Foundation and the Foundation for Reformation Research. At Penn State, he helped inaugurate the Western civilization course, as well as a popular course on Nazi Germany. His book HITLER AND NAZI GERMANY was published in 1987 (Seventh Edition, 2013). He is the author of WESTERN CIVILIZATION, first published in 1991 (Ninth Edition, 2015). Professor Spielvogel has won five major university-wide teaching awards. During the year 1988--1989, he held the Penn State Teaching Fellowship, the university's most prestigious teaching award. In 1996, he won the Dean Arthur Ray Warnock Award for Outstanding Faculty member, and in 2000 received the Schreyer Honors College Excellence in Teaching Award.
