**Robert F. Cochran, Teresa S. Collett, Cochran : Cases Materials on the Rules of the Legal Profession (American Casebooks)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cases Materials on the Rules of the Legal Profession (American Casebooks):

Includes segments from Esquire, Legal Times, Texas Monthly, and Confessions of a Criminal Lawyer, as well as stimulating cases and law review articles. The order roughly tracks the ABA Model Rules. The casebook teaches students to think critically about the legal profession, yet avoids the cynicism that so often accompanies discussions of the profession. Includes introduction to the legal profession; the lawyer-client relationship; confidentiality and the

attorney-client privilege; conflicts of interest; lawyer advocacy and its limits; business problems in the practice of law; provision of legal services; and judges.
