better understand causation, this is your book. 2 of 6 people found the following review helpful. timo! By Selma Regina Coutinho Este livro perfeito para se entender o fenômeno da relação causal no âmbito do Direito. Os autores fazem uma abordagem histórica e, após, contextualizam o nexo causal no direito civil e penal. Excelente livro!

This new edition of the seminal 1959 work retains the original analysis of commonsense causal concepts, and includes hundreds of new decisions and a substantial preface in which criticisms are met and a rationale propounded for common-sense causal notions as an element in legal responsibility.
