**Alexandre Dumas, I G. Burnham : Celebrated crimes** before purchasing it in order to gage whether or not it would be worth my time, and all praised Celebrated crimes:

4 of 4 people found the following review helpful. Nitty Gritty History as told by DumasBy LM39560At the beginning of his writing career Alexander Dumas researched and wrote about characters from history with a focus on their crimes and scandals. This collection includes all the other "Celebrated Crimes" books you could get separately. Don't bother with the separate books. This one has them all. It starts with the Borgias, so if you have been watching the BBC Borgias on TV this will give you some historical background that covers the facts you may miss in the series.10 of 10 people found the following review helpful. Good Book, needs editing.By CustomerInteresting to see where and how Dumas got his start. Not late in his career Dumas, but you can flashes of him peek through as it goes along. Lots of criminal cases we have never heard of that were probably the "OJ" of the middle 1200 to 1800's. All this needs is an editor to clean up some minot typos and formatting errors, and it will take its place in any book collection. I would

have paid for this book if it had just a little editing to it. 1 of 1 people found the following review helpful. Ok, but not as good as his other works. By Customer Was not as well written as his other works. Often seemed dragged out and boring. The digitization was not good; resulted in many misspelled words which required additional effort to determine the correct word to be used.

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

About the Author Alexandre Dumas (1802-1870) was one of the literary lights of France during the Romantic Revolution, his complete works eventually filling over three hundred volumes. George Bernard Shaw described him as "one of the best storytellers that ever lived." *The Man in the Iron Mask* and *The Three Musketeers* are available from Brilliance Audio.
