Naira R. Matevosyan : CERVICAL DYSTOCIA: Medical Legal Survey before purchasing it in order to gage whether or not it would be worth my time, and all praised CERVICAL DYSTOCIA: Medical Legal Survey:

This evidence-based guidelines highlights the core aspects for diagnosis and clinical decision rules in complex cases of cervical dystocia. Providing with in-depth analysis of judgments entered in medical negligence suits, it covers legal theories, holdings and rationale apropos the various arrays of causality. Its breadth of scope, combined with many quick reference features, makes it a perfect resource for addressing situations in the wards and in the courts.

About the AuthorDr. Naira Matevosyan is an obstetrician-gynecologist (MD, PhD) with Master of Science in Jurisprudence (JSM) degree from Seton Hall University School of Law. Naira resides in Atlanta, GA.
