**From Wildy, Simmonds Hill Publishing : Child Care and Protection: Law and Practice (Wildy Practice Guides)**  
before purchasing it in order to gage whether or not it would be worth my time, and all praised Child Care and  
Protection: Law and Practice (Wildy Practice Guides):

Written by experienced practitioners, the fifth edition of *Child Care and Protection* provides a practical and concise guide to the Children Act 1989, subsequent legislation, guidance and case law. This new edition covers changes such as the revised Public Law Outline, new case law and the latest law and regulations (eg the Care Planning Regulations 2010) are covered. The book also takes into account the Family Procedure Rules 2010, new statutory guidance and Government initiatives. The separate field of adoption law is not included, but the book does deal with selected provisions of the Adoption and Children Act 2002 and the Children and Adoption Act 2006. In addition to explaining the general principles of the law relating to child care and protection, the authors provide valuable insights into assessments, care planning, expert evidence, taking instructions, case preparation and courtroom skills. Presented in a compact, user-friendly format, the book is enhanced by checklists and flowcharts. The authors of this timely new edition are a great practice team - together they provide a unique combination of academic and research information and practice experience in child protection which has added fresh dimensions to the new edition of this book. This useful book will fit into a briefcase and prove invaluable for the busy practitioner.

**About the Author** A former Children Panel solicitor, Barbara Mitchels is also a psychotherapist and Director of Watershed Counselling Service in Devon. With TherapyLaw, Barbara provides consultancy, practitioner resources and workshops in the UK and abroad.
