Mitchells, Clive M Brand, Barbara Mitchels : Child Care and Protection Law Practice (Practice Notes Series)
before purchasing it in order to gauge whether or not it would be worth my time, and all praised Child Care and Protection Law Practice (Practice Notes Series):

Explains the operation of the child protection system in the UK, and the legal rights and duties of all those involved. The text explains referral systems, parental responsibility, police powers, legal aid, and gives advice on the preparation of a child law case, and working with child clients. The book aims to provide lawyers entering family and child law practice and police officers involved in child protection work a comprehensive grounding in essential topics for their work.
