Very Helpful, Even If You Can't AgreeBy A CustomerI found this book to be very helpful in explaining the practical terms of raising a child or children after divorce. My ex is abusive and was uncooperative in reaching an agreement, and I ended up seeking relief in court. However, I found the worksheets to be essential for putting into concrete terms what it was that I wanted for my son. In addition, I would say that most situations are not like mine, and if your ex-spouse is somewhat reasonable this book will provide the essential tools for creating an agreement with or without going to court. It features one of the best written fill in the blank samples of a parenting agreement I've seen anywhere.0 of 0 people found the following review helpful. SolidBy Harm DalukaMimi

Lyster presents in a very even handed way. I felt comfortable taking her advice. The worksheets made it apparent that we agreed on more than we disagreed on. The fill-in-the-blank samples of the parenting agreement brought us through the process without either of us feeling manipulated. Buy this book.
