James M Gaudin Jr. : Child Neglect: A Guide for Intervention before purchasing it in order to gage whether or not it would be worth my time, and all praised Child Neglect: A Guide for Intervention:

This report presents a broad overview of issues related to child neglect in the United States. The report examines aspects of child neglect that can help people better understand its causes and effects, and provides information that can be used to develop effective prevention and intervention strategies. The report is divided into 7 main chapters that discuss the different definitions, causes, and effects of neglect; the incidence and prevalence of neglect; assessment, intervention, and prevention strategies and techniques that can be used by Child Protective Services and other agencies

to treat and prevent neglect; and the implications for public policy ...
