Is easy reading so you will read with comprehension. I highly recommend this textbook.0 of 1 people found the following review helpful. Good BookBy Christopher W. CookGood cases on juvenile law. Similar to other West Law Texts with many of the same cases contained in the other subject matter texts.

The new edition has been updated with new cases, materials and problems. The shorter, revised book continues the interdisciplinary emphasis and comprehensive coverage of representation of children, child abuse and neglect, foster care, and delinquency. Additional chapters on children's rights and legal obligations, adoption, regulatory legislation, and medical decision-making provide a broad view of children's issues and permit flexible coverage.
