Perfect for deciphering the most evil thing in print since the Necronomicon!By SerenitychainsFor anyone just going into school for the law, or paralegal profession, or anyone considering doing legal research, this book is a MUST! I have never before heard of needing a book to help you decipher a book, but here we are. The 'Blue Book' is one of the hardest to understand reference books on the face of the planet, and possibly the galaxy as well. I lovingly referred to the blue book as the 'Necronomicon', because it is evil sandwiched between pages of text that at first seemed to have been penned in ancient Aramaic. During my legal research class I was completely happy to have Cite Checker in my bag as I watched my classmates rip the hair from their heads in total frustration of having to find citation rules in the blue book because our profession was a cruel and soulless woman! (J/K)To sum this up, this book will save you time, money on migraine remedies, sanity, and save

your fluffy follicles from being yanked from your scalp in frustration. It is clearly penned, and explains the blue book in a way you wish the blue book explained itself in. I rate this book highly, and will keep it for years to come.0 of 0 people found the following review helpful. Five StarsBy LS TalabExcellent cite check guidebook. Easy to understand with good examples.0 of 0 people found the following review helpful. Cite-CheckerBy Rob BennettVery helpful to understand (and sometime replace) Bluebook.

This self-paced guide to citation form is a perfect match for any basic Legal Writing and Research course. Cite-Checker is a short, concise book providing students with everything they need to learn and master proper citation form according to The Bluebook. A readable and pragmatic guide, this valuable text offers thorough explanations of important concepts as well as self-checking exercises to help students master the concepts discussed. This worthwhile text introduces students to all areas of citation form in a concise yet thorough manner: self-paced tutorial includes rules, exercises, and answers explains the rules established in the 18th edition of The Bluebook and provides a complete and thorough overview of citation form hands-on exercises in every chapter guide students through all essential topics and answer keys to the exercises are also included chapters presented in a logical, step-by-step format to help students build confidence with citation skills a section on preparing tables of authorities for briefs and court documents highlights a topic not covered in either The Bluebook or the ALWD Citation Manual
