About the Author Samuel Howard Sloan is an American chess player and book publisher. In 2006, Sloan served on the Executive Board of the United States Chess Federation. In 1970, Sloan established a registered broker-dealer that traded over-the-counter stocks and bonds. Sloan had no formal legal training but orally argued a case before the United States Supreme Court after litigating against the Securities and Exchange Commission over policies regarding the trading of penny stocks. The Court ruled in his favor, 90, concerning his claim that the "tacking" of 10-day summary suspension orders for an indefinite period was an abuse of the agency's authority and a deprivation of due process.
