Scott Farnsworth : Closing the Gap: A Revolutionary Approach to Client and Donor Services before purchasing it in order to gage whether or not it would be worth my time, and all praised Closing the Gap: A Revolutionary Approach to Client and Donor Services:

1 of 1 people found the following review helpful. Truly InspiringBy Cyndi CampbellClosing the Gap proved to me that I still have a lot to learn about ideal advisor/client relationships - and that everything I thought was 'fine' is really

not fine at all. After reading the book I felt inspired to really make a connection with all of my clients in a way that I'd never done before. The prose is very easy to read and follow and the quotes are great. I highly recommend this book.
