Grace Ganz Blumberg : Community Property in California (Casebook) before purchasing it in order to gage whether or not it would be worth my time, and all praised Community Property in California (Casebook):

BartonA pretty typical casebook, though Blumberg makes it interesting with more background and discussion around the legislative history of the California Community Property Statutes. Aspen seems, in general, to put out some of the more interesting casebooks out there.0 of 0 people found the following review helpful. This book is a great read.

Well written and thoughtful, this casebook provides an up-to-date and in-depth exploration of community property in California. Students and instructors alike will welcome **Community Property in California, Fifth Edition**, a classroom tested and used by generations of California law students. Features that have contributed to the success of *Community Property in California* include:

- outstanding authorship: Grace Ganz Blumberg is a recognized expert in both community property and family law
- comprehensive coverage that provides students with the means to prepare for the California bar examination and leaves them well-equipped for California practice in the areas of divorce, decedents estates, and debtor-creditor law
- a balanced and approachable combination of cases, notes, problems, and other materials that make the casebook accessible and interesting
- a contextual use of comparative materials, including references to the Uniform Marital Property Act and the American Law Institutes Principles of the Law of Family Dissolution, as well as the laws of other jurisdictions

Look for important new material in the Fifth Edition:

- Substantial reorganization and updating of the coverage of the Family Code 852(a) writing requirement for marital transmutations, with new cases and opinions, including *Marriage of Benson* and the Ninth Circuit Court of Appeals *In re Summers* opinion
- New material on the relationship between marital transmutation and the spousal fiduciary duty, covering *Marriage of Haines* and its progeny
- Revised, streamlined, and updated treatment of the spousal fiduciary duty with respect to a spouse's management of the community property during marriage and the setting aside of property settlements and decrees
- Discussion of recent statutory and case development of California domestic partnership law
