**Despina C. Kartson, Norman F. Strizek : Computerized Litigation Support: A Guide for the Paralegal (Paralegal Law Library Series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Computerized Litigation Support: A Guide for the Paralegal (Paralegal Law Library Series):

0 of 0 people found the following review helpful. A must for anyone even thinking about a career in Lit. Supp. By A Customer Anyone thinking about a career in Litigation Support should read this book and its supplements. It is a great way to find out about this area as it supplies you with a step by step guide from starting a litigation support department to creating databases. In addition to the book it is necessary to get the supplements because of the constantly evolving nature of this business. 0 of 0 people found the following review helpful. Outdated and Obvious Information By A Customer You have to be kidding! Enough said

From the Publisher A hands-on reference for managing any sized case. Covers such topics as which cases need to be automated, staffing a computerized litigation department, hardware/software, creating a database, coding and retrieval systems. Contains practical tips on staff management and training. Packed with logs, sample documents and

checklists. Supplemented annually.
