**Thomas Dreier, P. Bernt Hugenholtz : Concise European Copyright Law** before purchasing it in order to gage whether or not it would be worth my time, and all praised Concise European Copyright Law:

Concise European Copyright Law aims to offer the reader a rapid understanding of all the provisions of copyright law in force in Europe that have been enacted at the European and international levels. This volume takes the form of an article-by-article commentary on the relevant European directives and international treaties in the field of copyright

and neighbouring rights. It is intended to provide the reader with a short and straightforward explanation of the principles of law to be drawn from each provision. Editors and authors are prominent specialists (academics and practitioners) in the field of international and European copyright law. Concise European Copyright Law is part of Concise IP, a series of five volumes of commentary on European intellectual property legislation. The five volumes cover: Patents and related matters, Trademarks and designs, Copyrights and neighbouring rights, IT and a general volume including jurisdictional issues.

About the Author Bernt Hugenholtz is Professor of Law and Director of the Institute for Information Law (IViR) at the University of Amsterdam, and General Editor of the Information Law Series, published by Kluwer Law International. In 1989 he received his doctorate "cum laude" from the University of Amsterdam. He was a member of the Amsterdam Bar from 1990 to 1998, and has been an advisor to WIPO, the European Commission and the Ministry of Justice of the Netherlands. Professor Hugenholtz has written numerous books, studies and articles on a variety of topics involving copyright and information technology, notably on the protection of databases, on copyright problems relating to the digital networked environment and on copyright contract law.
