Joanne Banker Hames, Yvonne Ekern : Constitutional Law: Principles and Practice before purchasing it in order to gage whether or not it would be worth my time, and all praised Constitutional Law: Principles and Practice:

0 of 0 people found the following review helpful. Five StarsBy CustomerExcellent reading0 of 0 people found the following review helpful. ... SJSU and it was one of the dullest and boring books covering a subject that is actually very importantBy Tyson PeltzThis was required reading for my MPA at SJSU and it was one of the dullest and boring books covering a subject that is actually very important, and fascinating. I don't blame the author for this book being so dull, I blame the teacher for picking it and making the material in the book even more dull.0 of 0 people found the following review helpful. ReturnBy Jahhow do I return this?

Unlike many texts on Constitutional Law, this text not only explains the major legal principles and concepts but relates these to the practical, everyday experiences of legal professionals as well as non-professionals. The text is appropriate for a variety of students, including legal studies, paralegal, pre-law and administration of justice students. The text

discusses and explains major Supreme Court cases and provides examples of how these decisions impact law practice and daily lives. Selected cases, carefully edited for ease of reading, are included. A number of features help the students grasp difficult legal concepts. Each chapter contains a clear statement of chapter objectives, review questions, analysis questions and vocabulary terms to help students determine if they understand the concepts in the chapter. Legal vocabulary is defined in the margins (based on Oran's Dictionary of the Law.) Several charts and tables are included. Other features emphasize the practical nature of Constitutional Law. Several relevant legal documents are included in the chapters and appendix materials (e.g., writs, subpoenas, complaint forms) Each chapter begins with a hypothetical case illustrating a constitutional law problem and each chapter contains a related ethical dilemma for those working in a legal environment. At the end of each chapter is a feature entitled, Putting It Into Practice, requiring students to complete an assignment of practical nature. The inclusion of key web sites also illustrates the practical application of many constitutional principles. In addition, that feature allows students to further explore areas of personal interest.

About the Author Joanne Banker Hames is an instructor and the coordinator for the paralegal program at DeAnza Community College in Cupertino, California. Formerly an instructor at Santa Clara University Paralegal Institute, Ms. Hames was also an attorney in a busy litigation law firm, where she worked in all aspects of civil litigation, including pre-trial preparation, jury trials, and appeals. She earned her J.D. degree from Santa Clara University School of Law, and has been an active member of the California Bar since January 1972. Yvonne Ekern is a member of the Law Faculty at Santa Clara Law School and an instructor for the DeAnza Community College Paralegal Program in Cupertino, California. Formerly the Chair of the Paralegal Program at West Valley Community College, Ms. Ekern received her J.D. from the University of Idaho School of Law.
