From NOLO : Consultant Independent Contractor Agreements before purchasing it in order to gage whether or not it would be worth my time, and all praised Consultant Independent Contractor Agreements:

0 of 0 people found the following review helpful. Good referenceBy nbeiiiI bought this book primarily to get the sample agreements. They're decent as a starting point. The explanations in the text are also helpful. This should not be used in place of sound legal or financial advice, however. I found a few issues (relative to my specific case) with some of the agreements provided (it is possible there was some reference in the text that I missed, however, as I did not ready cover-to-cover). Note also a number of references to other Nolo publications you are urged to purchase. Don't buy this thinking it's a be-all and end-all source of info for the subject matter.0 of 0 people found the following review helpful. CONSULTANT INDEPENDENT CONTRACTOR AGREEMENTSBy informed readerI bought this book to have in my personal small business library.It is is filled with great information I did not know and is very usefulin conducting a small business. I HIGHLY recommend this book.0 of 0 people found the following review helpful.

Independent Contractor Agreements By Gypsy This was fine. I ended up consulting with a legal advisor for my needs, but felt that the book was still helpful to me.

Whether you're contracting your services to others or hiring independent contractors to work for you or your business, it's essential to get everything in writing -- if you don't, you could lose time, money and credibility.
