Henry R. Cheeseman : Contemporary Business and Online Commerce Law (MyBLawLab Series) 7th (seventh) edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Contemporary Business and Online Commerce Law (MyBLawLab Series) 7th (seventh) edition:

4 of 4 people found the following review helpful. Book is great, just pay attention to who you rent or buy it from By jenben11709 Renter/buyer beware of APEX_Media - they do not list their conditions of the books appropriately. Return immediately if they are not exactly as expected by 's standards. I rented this book (first rental from) and did not realize they listed the book as "good" and I wasn't aware that I should have returned it immediately if not as stated. I used the book rarely, as it stayed on my desk from point of receipt to point of returning. NOW they are saying the spine is damage and refused my return. They have charged me \$326.94 for a VERY USED book that I DID NOT DAMAGE! I can purchase it brand new from right now for \$98.I do not normally complain- however, knowing this is a horrible practice - I want others to be aware.0 of 0 people found the following review helpful. Four Stars By Hiram A. Biff Decent book, purchased because I had to for a college course.0 of 0 people found the following review helpful. I love it By Erica Hill I really love this book. From the outline of each chapter to how easy of a read it is. Each chapter is straight to the point and I love the examples given about possible cases to make me understand better. I also like

how the examples of real cases are given as well. I love it.
