Henry R. Cheeseman : Contemporary Business Law and Online Commerce Law (5th Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Contemporary Business Law and Online Commerce Law (5th Edition):

0 of 0 people found the following review helpful. very helpful in the class I was taking because of ...By Customervery helpful in the class I was taking because of the glossary in the back of the book that was extremely helpful.0 of 0 people found the following review helpful. This book is great for intro students learning about lawBy CustomerThis book is great for intro students learning about law. The author clarifies what others make complex and provides various examples.0 of 0 people found the following review helpful. A Pretty Good BookBy MoeIn general, the book

was useful for me. I wanted to get additional information on property, estate, and gifts. This is not a comprehensive book for such areas but it covers basics and definitions. Delivery time was excellent, package was fine, and when compared to the price, the book is in a pretty good condition. Good value for such a cheap price.

This book provides the richest selection of landmark (traditional) and contemporary (within the last three years) cases for business students, including more cases on information technology and e-commerce law than any other book. Topics present a summarized/brief approach to cases. This edition contains over 75 new cases that have been decided in the past three years, including ones covering IT and e-Commerce dedicated chapters cover Intellectual Property and Internet Law, and Electronic Commerce and Information Technology Licensing. Over 45 Online Commerce Internet Law boxes focus on the legal issues businesses face as they either launch new Internet ventures or rise to the challenge of incorporating on-line technologies into their existing business models. For those in Business Law professions.
