before purchasing it in order to gauge whether or not it would be worth my time, and all praised Contract Law for Paralegals (2nd Edition):

By Tony V +1 for 's awesome book rental service! Ordered this for a Contract Law course I am currently taking. Book arrived in good condition (not excellent) and is filled with amazing information. In the first three weeks of this semester (among all five courses I am currently taking), I have learned more from reading this book than from the other course reading materials. Reed makes all the concepts of contract law very understandable for someone like me who has no legal background. Excellent book. 0 of 1 people found the following review helpful. Informative By Sheerah Great book. My professor wrote it. However it was damaged when I received it and now I am being charged for damages. How can this be when it was damaged already? I won't be getting

CONTRACT LAW FOR PARALEGALS, 2/e fully prepares paralegals for all facets of contract preparation, including ethical, practical, and professional issues. Fully updated for current case law, it thoroughly covers modern e-contracts, and presents relevant new examples such as health club and cell phone contracts. It combines a strong foundation in essential principles with practical insight into the issues paralegals face in researching, drafting, and interpreting contracts. Students build skills and portfolios through many drafting exercises, including the creation of complete contracts for equipment, real estate, and business sales. They also build critical thinking skills through assignments ranging from attorney briefings to Critical Legal Thinking Cases.
